PLYCO complete slide door system assures strong, accurate installations!

PLYCO complete slide door systems takes the "struggle" out of hanging sliding doors. With the PLYCO complete slide door system, there's no need to round-up your entire crew to help hang sliding doors.

COMBO sliding door track is self-cleaning and self-aligning. Its unique, flat-top design imparts extra strength to the track which eliminates deflection from heavy, rolling doors. COMBO track is made of 14-gauge, galvanized, high-carbon steel that's roll-formed to assure maximum uniformity over its entire length.

PLYTRAC combines the benefits of Combo track, including heavy duty 14 gauge galvanized steel, with the versatility of allowing you to choose the mounting bracket appropriate for your specific application. Brackets are attached using a unique "key hole" design.

DELRIN trolley hangers are made to handle doors up to 600-pounds. There is no metal-to-metal contact. Tough, ball-shaped, self-lubricating, trolley wheels roll easily in track and are virtually impervious to wear. Teflon grease is added for even smoother operation.

PLYCO complete slide door system simplifies inventory! No need to stock components.

Slide Door Package Components

1 ½" Slide Door Package Components

Package includes a combination of the following components for assembly of the requested size door*:

- **SDR1600AV** - 1 ½" vertical rail
- **SDR1600HV** - 1 ½" "H" vertical rail
- **SDR1635BG** - steel box girt
- **SDR1600WB** - 1 ½" bottom rail
- **SDR0500GZ/SDR1000GZ** - 5' or 10' guide rail
- **COMBO** side mount or top mount track
- **PLY-TRAC** side mount or top mount track
- **115000** - cover bracket
- **115500** - complete standard cover bracket
- **18800P** - jamb latch & strike
- **131000** - track end plug
- **185000** - galvanized door stop
- **183500** - white door pull
- **119000** - splice collar
- **19100** - center latch
- **SDR1601CG** - center guide
- **149550** - 9 ½" bearing trolley
- Screw pack

3 ½" Slide Door Packages Components

Package includes a combination of the following components for assembly of the requested size door*:

- **SDR1635BV** - 3 ½" vertical rail
- **SDR1635BH** - 3 ½" "BH" vertical rail
- **SDR1635BB** - 3 1/2" bottom rail
- **SDR1635BG** - steel box girt
- **SDR0500GZ/SDR1000GZ** - 5' or 10' guide rail
- **COMBO** side mount or top mount track
- **PLY-TRAC** side mount or top mount track
- **115000** - cover bracket
- **115500** - complete side mount bracket
- **149550** - 9 ½" bearing trolley
- **18800P** - jamb latch & strike
- **199000** - trolley support plate
- **131000** - track end plug
- **181500** - adjustable guide & stop
- **183500** -white door pull
- **119000** - splice collar
- **19100** - center latch
- **SDR1601CG** - center guide
- Tandem trolley
- Screw pack

*** Slide door packages contain only the components required to assemble the specific complete slide door**

Door size listed is actual door size. Allow 1 ½" to 2 ½" on each jamb post and 1 ½" to 2 ½" at the header for overlap
